Re: George Matthews and Nina Matthews vs. State Farm Fire and Casualty Company
Civil Action File. 1:10-cv-01641-WBH

REQUEST FOR EXTENSION TO STAY DISCOVERY AND RETAIN ATTORNEY

Dear Judge Hunt,

We are requesting an additional two weeks to stay discovery time on our case.

We request that the court will consider the massive snow storm that we had in Atlanta in the recent past which did impact our ability to attend in-person meetings with Attorney's and present case information that was requested. Because those meetings were delayed, we lost a week in our attorney search in addition to the other complexities of our case such as hiring a new attorney after an attorney withdrawal on record.

We have given the case information to several other attorney's and are waiting for them to complete their review of the case docket, it is because this review is still in progress with these attorney's that we are making a plea to the court to extend our discovery for an additional two week time period.

We hope the court will consider our request.

If the court will not allow us the additional time, we will request the court recognize us as our own attorney of record.

Thank you for your consideration.

George & Nina Matthews
